StazOn®

*The solvent-based ink for
decorating virtually everything!*

- Metal • Shrink Plastic • Acrylic • Cellophane
- Wood • Acetate • Glass • Leather
- Ideal for non-porous and semi-porous surfaces
- Garden art • Picture frames and mirrors
- Table decorations • Coasters • Foil papers
- Decorative tiles • Beautiful jewelry

*StazOn® is perfect for all your
home decor projects and gift items!*

Acid-free and Archival for all your traditional rubber stamp and scrapbook projects!

QUICK TIPS

- Replace inner plastic cover and lid tightly after every use.
- For best results, allow ink to dry for 48 hours.
- It is not necessary to re-ink **StazOn®** before each use. However, inkers may be needed to periodically rejuvenate dry edges.
- Use **StazOn® Cleaner** to clean and condition your rubber stamps.
- Do not decorate eating/drinking surfaces.
- **StazOn®** was designed for decorative purposes only—surfaces are not intended to be washed. Use caution when rinsing and gently pat dry.
- **StazOn®** reacts uniquely on different surfaces. Always test **StazOn®** on a small area of the working surface before starting projects.

IDEAS

- Use **StazOn®** with Reynolds™ Ultra™ Foil to create handmade gift wrap, scrapbooks, holiday decorations and much more! You can stain the Ultra™ Foil with **StazOn®** by rubbing the ink pad across the foil then quickly dabbing the ink with a paper towel. Try dabbing with a scrub brush or sponge to create a variety of interesting textures.
- Create our “Live” tin with **StazOn® Mustard, Timber Brown and Olive Green**. Apply the ink with **Tsukineko® Sponge Daubers**, covering the entire tin with **Mustard** then sponge a border using **Timber Brown and Olive Green**. Use foliage and alphabet stamps to decorate your tin.
- Create our “Domino Pins” with **StazOn®** and Lumiere paints. Sponge background colors with paints and allow dominoes to dry. Stamp selected images with **StazOn® Ink**. When dry, paint in designs as desired. Add embellishments such as charms, beads, or rhinestones to personalize your pin and attach a pin back.
- Need a **StazOn®** marker? Create your own using **Tsukineko® Fantastix®** coloring tools (available in brush or bullet tip). Press the Fantastix® tip into the pad to absorb some ink, or dip the Fantastix® into a refill bottle. Use your “markers” to color in designs or add embellishments.
- Use **StazOn®** for a transparent glass stain look. Brayer or stencil an entire glass tile or block with **StazOn®** to create an amazing background!

CAUTION

- Use in well-ventilated areas.
- Avoid contact with eyes, skin and mouth.
- Wear gloves to protect your hands.
- Keep away from children.
